Board Opportunities

WEoB receives multiple board opportunities each week. The opportunities are sourced through recruiters, search firms, PEVC firms, CEO's, Board Chairs, alliance partners and Network members. Depending on the request for each board opportunity, some searches are kept confidential while others are shared with our members and posted on the WEoB website. If the search is confidential, leadership will go through our entire member database to determine which members' expertise/experience are the best match for the opportunity according to the priorities outlined to us. It is important that you keep your profile updated so that we can present the best qualified members for each opportunity; this includes whether you are currently open to board roles or not looking at this time.
